REAL LEAF-BREWED TEA

WITHOUT THE FINE PRINT

FOR THE LOVE OF LEAVES

Pure Leaf® 59oz Chilled Carafe 2/\$4
(Limited time offer)

TEA-MARINATED GRILLED SALMON WITH GINGERY ASIAN GREENS & CUCUMBER SALAD

BY GAIL SIMMONS

SERVES 4

For the salmon:

- 1 cup Pure Leaf® Unsweetened Iced Tea
- ¼ cup soy sauce
- 1 tablespoon lime zest
- ¼ cup fresh lime juice
- 2 tablespoons fresh grated ginger
- 1 tablespoon fresh minced garlic
- 2 tablespoons honey
- ¼ teaspoon chili flakes
- 5 tablespoons canola oil, plus more for grilling
- 4 6-oz. wild salmon filets, rinsed and patted dry

For the salad:

- 6 oz. mizuna, wild arugula or baby spinach
- 1 hothouse cucumber, halved lengthwise and thinly sliced into half moons
- 4 scallions, trimmed and thinly sliced
- ½ teaspoon salt
- 2 teaspoons sesame oil
- 1 teaspoon sesame seeds

RECIPE

- In a large bowl mix together the Pure Leaf® Unsweetened Iced Tea, soy sauce, lime zest and juice, ginger, garlic, honey and chili flakes. Add the canola oil in a slow, steady stream, whisking constantly to combine. Reserve 3 tablespoons of the marinade in a separate bowl and pour the rest into a large, sealable plastic bag. Add the salmon filets to the bag making sure they are fully submerged and removing as much air as possible before sealing. Place bag in fridge and allow to marinate for an hour.
- Meanwhile, assemble the salad: In a large bowl toss together the mizuna, cucumber and scallions. Set aside. Whisk salt and sesame oil into remaining marinade. Set aside separately.
- Light a grill to medium-high heat and lightly oil the grate. Remove salmon from marinade and gently pat dry. Discard marinade. Grill salmon, skin side down, for 4 minutes. Carefully turn salmon over and grill to medium rare, about 4 minutes longer. Remove from grill and allow to rest.
- Toss salad with reserved dressing. Arrange on a platter and place salmon over salad. Sprinkle with sesame seeds and serve immediately.

Ripe to Perfection

IN SEASON NOW

Spud-tacular Taters

Pick up in-season potatoes—in every color, shape, and size imaginable—for dinner tonight. Put these varieties to use in the recipes ahead.

RUSSET

The delicate flavor and fluffy texture of baked russets pair well with everything from traditional sour cream and chives to spicy and bold Mediterranean or Latin flavors.

YELLOW

Throw these potatoes on the grill until their skins are crispy for a slightly sweet, caramelized side. Their creamy texture means you can use less or no butter for lighter, healthier dishes.

SWEET

Bake these sweet spuds and load them up with your favorite toppings or cut them into wedges and roast for a healthy take on fries.

RED

Use this small, smooth variety in classic potato salad or add to fall soups and stews.

BLUE

Preserve the blue potato's pretty hue by cooking them in the microwave, then add to green salads to play up their nutty flavor.

Ripe to Perfection

EASY ENTERTAINING

Inspired by the classic dish potato gratin, these individual-sized scalloped potato cups make the perfect side dish for a holiday dinner party. Bonus: The leftovers go great with eggs the next morning!

Thanksgiving with Curtis

Curtis Stone is an award-winning chef, *New York Times* best-selling author, and busy dad of two young boys.

There is something really special about a home-cooked meal in general, especially around the holidays,” says chef Curtis Stone, who celebrates Thanksgiving at home in Los Angeles with his large extended family, which includes his wife, actress Lindsay Price, and their two young boys. On the table, there’s always the turkey, and plenty of in-season veggies like greens and squash, as well as some dishes that are particular to Lindsay’s Korean-American family. “It’s a pretty traditional affair,” he laughs, “except for the kimchi.” After the meal, the family makes the time for an important tradition: Reflecting on what they’re thankful for. They each pick out a black-eyed pea from a bowl, dropping it into a bottle while sharing their thoughts. “Thanksgiving is such a special holiday,” Curtis says. “There’s not much else to concentrate on apart from delicious food and gratitude.”

The recipes you’ll find on the following pages are part of another Stone family tradition—taste-testing dad’s recipes in advance. The chef develops holiday recipes early, and tests them out on his wife and kids. “We have a springtime Thanksgiving outside with some white wine,” he laughs. “If there are any disappointments, then I go back to work.” The resulting menu here—from a roast turkey with sage-butter sauce and velvety mashed potatoes to smoky collards and a sweet and earthy from-scratch pumpkin pie—will inspire new traditions with your family, too.

Turkey with Sage-Brown Butter Gravy

👤 SERVES 8

🕒 PREP 10 min., plus 20 min. to rest turkey

🕒 COOK 2¾ hours

TIP Butter mixture can be made up to 1 day ahead, covered and refrigerated. Rewarm before using. Turkey can be cooked up to 40 minutes before carving, held in a warm place. Gravy can be made up to 40 minutes ahead, kept warm.

INGREDIENTS

- 1 14- to 16-lb. whole turkey
- 2 yellow onions, coarsely chopped
- 2 carrots, coarsely chopped
- 3 celery stalks, coarsely chopped
- ¾ cup (1½ sticks) unsalted butter, divided
- ½ oz. fresh sage, stems and leaves separated (about ⅓ cup leaves; stems reserved)
- 1 tbs. Worcestershire sauce
- 4 cups reduced-sodium chicken broth
- ⅓ cup unbleached all-purpose flour

TO ROAST TURKEY

1. Preheat oven to 425°F.

2. Thoroughly pat turkey dry. Season inside of turkey with salt and pepper. Stuff main turkey cavity with half of chopped onions, carrots, and celery and tie turkey legs together with butcher's twine. Place remaining onions, carrots, and celery in a large roasting pan with a V-rack. Place turkey on rack.

3. In a small saucepan, melt ½ cup butter with sage stems and Worcestershire sauce. Remove pan from heat. Brush some melted butter mixture all over turkey and sprinkle turkey all over with salt and pepper.

4. Place pan in oven and roast for 30 minutes. Reduce oven temperature to 325°F and roast, basting turkey every 30 minutes with melted butter mixture until a meat thermometer reads 165°F when inserted into part of thigh nearest to thigh-hip joint, 1 hour 45 minutes to 2 hours (if skin starts to get dark in spots, cover with foil).

5. Transfer turkey to a carving board (do not clean out roasting pan), and rest at room temperature for 20 minutes before carving.

MEANWHILE, TO MAKE GRAVY

6. Carefully pour pan drippings from roasting pan into measuring cup and set aside for about 5 minutes to allow oil to rise above juices; spoon off oil and reserve pan juices. Set roasting pan on stove over medium-high heat. Add pan juices and broth and bring to a simmer, stirring to scrape up brown bits. Strain pan juices and discard solids.

7. In a medium heavy saucepan over medium-high heat, melt remaining ¼ cup butter. Swirl in pan until butter is light brown, about 2 minutes. Stir in sage leaves and cook for about 1 minute, or until sage leaves are crisp. Remove pan from heat and, using a slotted spoon, remove sage leaves. Sprinkle sage leaves with salt and reserve.

8. Return pan to medium heat, stir in flour, and cook, stirring, for 1 minute. Whisk in pan juices and bring mixture to a simmer. Simmer for about 3 minutes, or until gravy thickens slightly. Season gravy with salt and pepper.

TO SERVE

9. Carve turkey and serve with gravy and crispy sage leaves.

Smoky Braised Collards

PERSONS SERVES 8

⌚ PREP 15 min.

⌚ COOK 2 ¼ hours

MAKE-AHEAD Collard greens can be cooked up to 2 days ahead, cooled, covered, and refrigerated. Rewarm covered over medium-low heat.

INGREDIENTS

- 2 tbs. olive oil
- 1½ lb. boneless pork shoulder, well trimmed of excess fat, cut into 2- to 3-inch chunks
- 1 yellow onion, thinly sliced
- 2 garlic cloves, finely chopped
- ½ tsp. red pepper flakes

- 4 cups reduced-sodium chicken broth
- 3 tbs. cider vinegar
- 1 tbs. dark brown sugar
- 1 12-oz. smoked ham hock
- 3 lb. collard greens, well rinsed, tough stems removed, leaves very coarsely chopped (1½ lb. chopped leaves)

1. Heat a large Dutch oven or other large pot over medium-high heat. Add oil and heat until very hot but not smoking. Add pork and cook, turning occasionally, for about 8 minutes, or until browned all over. Transfer pork to a plate.

2. Add onions, garlic, and red pepper flakes to pot, reduce heat to medium and cook, stirring often,

for about 5 minutes, or until onions soften. Return pork to pot, add broth, vinegar, brown sugar, 1 cup water, and 2 tsp. salt, and bring to a simmer. Add ham hock. Reduce heat to medium-low, cover, and simmer for 1 hour.

3. Working in batches, add collard greens, letting each addition wilt before adding next. Partially cover and simmer for about 1 hour longer, or until pork is very tender and collard greens are tender.

4. Transfer ham hock to a cutting board. Flake meat into bite-size pieces and discard rind and bone. Stir ham meat into greens. Spoon greens into a serving dish and serve hot.

Buttermilk Mashed Potatoes

👤 SERVES 8

⌚ PREP 15 min.

⌚ COOK 45 min.

MAKE-AHEAD Buttermilk mashed potatoes can be made up to 1 day ahead, covered and refrigerated. Rewarm over medium-low heat.

INGREDIENTS

- 3 ½ lb. Yukon Gold potatoes
- 10 tbs. unsalted butter, melted, divided
- 1 cup whole milk, warmed
- 1 cup buttermilk, room temperature

1. Place potatoes in a large pot and add enough cold salted water to cover them by 1 inch. Bring water to a boil over high heat, then reduce heat to medium, and simmer for about 35 minutes, or until potatoes are tender but not bursting apart.

2. While still hot, peel potatoes and press through a food mill or potato ricer into same saucepan. Alternatively, use a potato masher for a coarser texture.

3. Stir 8 tbs. butter and milk and then buttermilk into potatoes. Season with salt and pepper and keep warm. Drizzle remaining 2 tbs. butter over and serve.

Thanksgiving with Curtis

Bacon and Green Onion Stuffing

👤 SERVES 8

🕒 PREP 10 minutes

🕒 COOK 1 hour and 25 minutes,
plus cooling time

MAKE-AHEAD Unbaked stuffing can be made up to 6 hours ahead and refrigerated; add 10 minutes to baking time.

INGREDIENTS

- 1½ lbs. French or Italian bread, cut into ¾-inch cubes
- 12 slices bacon, coarsely chopped
- 2 yellow onions, finely chopped (about 3 cups)
- 5 celery ribs, cut into ¼-inch pieces (about 2 ¼ cups)
- 6 large sprigs of fresh thyme
- 2 large sprigs of fresh rosemary
- 6 garlic cloves, finely chopped
- ¾ cup dry white wine
- 2½ cups reduced-sodium chicken broth
- 2 sticks (8 oz. total) unsalted butter, cut into ½-inch cubes, plus butter to coat baking dish
- 8 green onions, thinly sliced
- ⅓ cup finely chopped fresh flat-leaf parsley
- 2 large eggs, lightly beaten

METHOD

1. Preheat oven to 350°F. Butter a 13x9-inch baking dish.
2. Spread bread on 2 large, rimmed baking sheets. Bake for about 15 minutes, or just until dried but not browned. Cool.
3. Meanwhile, heat a large deep skillet over medium-high heat. Add bacon and cook, stirring often, for about 7 minutes, or until crisp. Using a slotted spoon, transfer bacon to a plate. Pour off all but ⅓ cup bacon grease.
4. Add onions to same skillet and cook, stirring occasionally, for about 3 minutes, or until tender. Add celery, thyme, and rosemary and cook, stirring occasionally, for about 4 minutes, or until onions are translucent. Stir in garlic and continue cooking, stirring often, for about 6 minutes, or until vegetables begin to brown. Add wine and cook for about 4 minutes, or until wine has evaporated but vegetables are still very moist.
5. Add broth and butter, bring to a simmer, and simmer for about 8 minutes, or until liquid is reduced by half. Transfer mixture to a large bowl and cool slightly; remove and discard thyme and rosemary stems.
6. Stir green onions and parsley into vegetable mixture. Add bread cubes, reserved bacon, 2 tsp. salt, and ½ tsp. pepper and mix well. Mix in eggs. Spread stuffing in prepared baking dish and cover with aluminum foil.
7. Bake for 50 minutes, or until stuffing is heated through and puffed. Remove foil and bake for about 20 minutes, or until golden brown. Serve hot.

“The center of this pie is almost like a custard, because of the eggs. And roasting the pumpkin yourself gives it a nice sweetness and a beautiful fresh flavor.”

Fresh Pumpkin Pie

👤 SERVES 8 to 10

⌚ PREP 45 min., plus 3 hours cooling and chilling time

⌚ COOK 1 hour 50 min.

MAKE-AHEAD Dough can be made up to 2 weeks ahead and frozen. Pie filling can be made up to 2 days ahead and refrigerated; bring to room temperature before using.

INGREDIENTS

- 1¼ cups unbleached all-purpose flour
- ¾ cup granulated sugar, divided
- 8 tbs. (1 stick) cold unsalted butter, cut into small pieces
- 2 1½-lb. sugar pie pumpkins
- 2¾ cups heavy cream, divided
- 2 large eggs
- ¼ cup packed golden brown sugar
- 1 tsp. each ground cinnamon and ground ginger
- ¾ tsp. freshly ground nutmeg
- ⅓ tsp. ground cloves

TO MAKE CRUST:

1. In a food processor, pulse flour, 1 tbs. granulated sugar, and ½ tsp. salt to blend. Add butter and pulse about 10 times, or until butter is in pea-size pieces; do not over process. While pulsing, add 3 tbs. ice water, then pulse just until moist clumps of dough form, adding more water 1 tsp. at a time, if necessary. Shape dough into a disc, wrap, and refrigerate for about 1 hour, or until firm.

TO MAKE FILLING:

2. Position a rack in center of oven and preheat oven to 425°F.

3. Place pumpkins on a baking sheet and roast for about 25 minutes, or until they are slightly tender. Using a small sharp knife, pierce pumpkins 4 to 5 times to allow steam to escape. Continue roasting for about 20 minutes, or until pumpkins have softened and a knife can easily pierce through skin. Cool pumpkins for 10 minutes.

4. Cut pumpkins in half. Using a large spoon, scoop seeds from pumpkins and discard. Scrape softened flesh from skin and place in a blender. Discard skin. You should have about 1 lb. softened pumpkin. Purée hot pumpkin until smooth, adding ¼ cup cream to help move pumpkin around, if necessary. Cover and let stand for 5 minutes to allow steam to soften pumpkin further. Transfer purée to a large bowl and cool. You should have about 2 cups of purée.

5. Whisk remaining granulated sugar, 1 cup cream, eggs, brown sugar, spices, and ½ tsp. salt into pumpkin purée. Reserve filling at room temperature.

TO BLIND BAKE CRUST:

6. Unwrap dough, set it on a floured surface, and lightly dust top of dough. Roll out dough to a 12-inch round, occasionally rotating dough and dusting with flour to prevent

sticking. Brush away excess flour and transfer dough to a 9-inch pie dish, centering it in dish and allowing excess dough to hang over edges. Lightly press dough into dish. Trim dough, leaving a 1-inch overhang. Fold overhang under itself and crimp edge. Freeze for 10 minutes, or until dough is very firm.

7. Lower oven temperature to 375°F. Line frozen dough with parchment paper, leaving an overhang, and fill with about 1 lb. dried beans. Bake for 20 to 25 minutes, or until edges are light golden. Remove beans and parchment paper and bake crust for 5 to 10 minutes, or until bottom of crust is pale golden.

TO FINISH PIE:

8. Pour enough pumpkin filling into hot crust to fill it completely but without it spilling over. Lower oven temperature to 350°F and bake pie for 30 to 35 minutes, or until filling around edges is set and center still jiggles slightly when pie is gently jostled (pie will continue to set as it cools). Transfer pie to a rack to cool completely, about 2 hours. Serve or refrigerate until firm.

TO SERVE:

9. In a medium bowl, whip remaining 1½ cups cream until soft peaks form. Cut pie into wedges. Top with whipped cream and serve.

HOW I USE UP LEFTOVERS

"I am seriously the leftover king. I love making a dish using up leftover turkey, which you can chop up with greens and fry with mashed potatoes in a little bit of butter. The flavors really mingle well together and it gets nice and crispy. It's perfect for breakfast. I also love to use turkey in salads or paninis with bacon, cheese, and more of those leftover greens."

- Curtis Stone

Hope For The Warriors

Ten years ago, Robin Kelleher co-founded **Hope For The Warriors**, a nonprofit dedicated to supporting military families. In July, we teamed up with them for #AllForHonor, a campaign that, thanks to your generosity at the register, led to a donation of over \$2 million—the largest in the program's history. Ahead of Veteran's Day on November 11, we caught up with Robin about the group's work.

Q What inspired you to start Hope For The Warriors?

A At the time, my husband was deployed and I had two babies at home. My friend and I also had a close friend whose husband was wounded in 2004. We saw the recovery process that their family went through and the struggles and challenges they had when they returned to the base. When a service member is injured, their families and communities are impacted as well. We wanted to unite the community around this and open up the conversation.

Q What kind of services do you offer?

A We believe the commitment our service members have made to this country deserves the best in terms of support. We offer financial assistance for things like mortgage payments, connect families to resources in their own communities like the VFW and local churches, and make sure our veterans are well-diagnosed and receiving benefits. We try to fill in the gaps of coverage and provide as much information as we can to service members and their families.

Q Is there increased need at Thanksgiving?

A Yes, in many parts of the country the climate changes, so there is increased need for warm clothing and assistance with heating bills. We also provide help at Thanksgiving and Christmas, whether that's providing food or financial assistance so that families can travel and be together at the holidays.

Q How will the \$2 million donation make a difference?

A It's phenomenal. It was the largest donation we have ever received and will allow us to hire more social workers and broaden our reach, especially in the Southeast, where we see a large veteran and active-duty community. Grocery stores can be the center of a community—it's where people get their food, and it can be a very social place. Because of that, the campaign really allowed us to get deep into local communities and be a support system there.

Throw Your Dog a Bone

Finding nutritious, affordable food is a top priority when it comes to keeping your pets healthy and happy. Our new line of **Whiskers & Tails** products contains quality protein like beef and chicken. Plus, you'll find vitamins and minerals like calcium and zinc. They'll help your pets fuel up, get the nutrition they need, and develop strong bones and muscles—all necessary for a great game of fetch.

SHOPPING TIPS

LOOK AT THE LABEL

What goes into your pet's food matters just as much as what goes into your own! Keep your eyes peeled for ingredient lists with plenty of protein, which will fill up your pet without packing on the pounds, and vitamins to keep them healthy and happy.

TO TREAT OR NOT TO TREAT

Treats are just fine—in moderation, of course. Opt for treats with added vitamins, or dental treats that last longer and keep your dog entertained. And keep in mind that you can break treats apart and only feed your dog as much as you want to at one time.

SAVE A TRIP!

Did you know that the food you buy at the grocery store has all the same qualities as the food you'll find at a pet store? So the next time you're doing your weekly shop, hit up the pet aisles to cut down on errands.
